

College Works Painting Reference Letter
Eric Swartz
Santa Cruz, CA

Mark Davis and his College Works Painting crew just finished an outstanding job painting my home. I was very impressed during the entire project.

July 7, 2009

Mark Davis and his College Works Painting crew just finished an outstanding job painting my home. I was very impressed during the entire project. Mark exhibited a high level of enthusiasm and professionalism from start to finish.

This was the first time I had a house painted, so communication was extremely important for me to understand what was involved. Mark made everything very clear, during the estimate, scheduling, color testing, prep, and painting phases.

Thanks primarily to Mark's management skills, the job was completed exactly at the estimated time. My house now has a stunning new look with new colors from a high quality paint job.

It's great to see a young entrepreneur like Mark succeed. If you are looking to get your house painted I highly recommend Mark and his crew.

Thanks so much for your hard work!
