We had our house and deck stained by Kyle Salgado and his crew in early July of 2009.
We are very satisfied with the job.

We had our house and deck stained by Kyle Salgado and his crew in early July of 2009.
We are very satisfied with the job. Kyle presented us with an estimate in February with
the
price and what would be done. He stayed in contact with us during the spring and told us
the schedule for the job. He worked with us to make sure the color was what we wanted.
The prep work and actual painting was done with little interruption to us, and each
evening the work was cleaned up. At the end of the job everything was back in place and
there was no significant splatter, We were impressed with how hard working the crew
was.

We feel the job was done well and that we got our money's worth.
