I am writing this reference letter on behalf of Chad Etzel, Brian Dooney and Mark Cushing whom painted my home in mid June.

It was a pleasure to work with Branch Manager Chad Etzel through the Spring and early summer. Acknowledging that I was his first client, Chad led his crew to a successful first project. His professionalism and customer service skills directed me to trust my home with him. I was impressed by his confidence that he could carryout any task at hand.

Being in the Maritime Business for over 20 years, I have painted many sail boats myself. So I know how crucial any paint job entails from start to finish.

In closing, I highly recommend Chad in painting your home this summer. I understand that my testament will be one of many Chad and his crew will receive this summer.

Sincerely,

Eddie Kirby
