

College Works Painting Reference Letter  
Marianne Bartek

I found the College Works Painting to be a very supportive and hardworking group of students. They were very dependable and concerned with customer satisfaction.

College Works

June 2009

I found the College Works Painting to be a very supportive and hardworking group of students. They were very dependable and concerned with customer satisfaction. They continued the job until it was completed, and were always available for questions and comments. They kept the job site clean, while always conducting themselves in a respectable and professional manner. I would and have recommended them to others and would consider them for future business.

Sincerely,

Marianne Bartek
