Your company recently painted the exterior of my home in San Antonio. As a professional Interior Designer, one of my many responsibilities is selecting paint colors (interior and exterior) for clients' home.

Dear CollegeWorks:

Your company recently painted the exterior of my home in San Antonio. As a professional Interior Designer, one of my many responsibilities is selecting paint colors (interior and exterior) for clients' home. I was impressed by CollegeWorks selection of Kelly Moore Paints stock exterior color combinations.

While my home was being painted, I had the pleasure of working with Nathan Moore. He scheduled the painting quickly and was polite, assertive, and customer service oriented. In three days flat, the exterior of my home changed from a tired gray, to a warm stone color to enhance the rock detail on the exterior of my home.

Sincerely,

Crystal Romero
