Bruce and I want to thank you for all your diligent efforts in completing the painting of our home to our satisfaction. We knew we were working with a professional from the time you came to our home and did your very professional presentation.

Dear Megan,

Bruce and I want to thank you for all your diligent efforts in completing the painting of our home to our satisfaction. We knew we were working with a professional from the time you came to our home and did your very professional presentation.

The measure of a good contractor is their willingness and successfulness solving problems. When we brought the color concerns to your attention we were delighted (and surprised) to hear your immediate desire to solve the problem.... and you did!

When the painters returned to our home they knew exactly what to do and even offered advice and assistance on the completion of the work. They would not have been able to act so quickly and effectively without great guidance.

So, it is with great pleasure we send this letter of thanks to you for your help.... AND we want to let you know our house has never looked this good.... from the time we took possession of it 10 years ago... we were unhappy with the paint job the house had. It now looks like we have always wanted it to look.

Please feel free to use us as a reference. Our phone number is listed below.

Sincerely,

Bruce and Chris Wright
