Valerie and I would like to extend our appreciation to you and your crew for a job well done. We thought you were an excellent representative of College Works Paining.

Matt McGunagle
Branch Operator
College Works Painting

Dear Matt,

Valerie and I would like to extend our appreciation to you and your crew for a job well done. We thought you were an excellent representative of College Works Paining.

You demonstrated knowledge in house painting by providing me with a very competitive bid, explaining every detail of the job from beginning to end.

Honestly, when I learned that ours was your first house, I was somewhat apprehensive. it didn't take very long to feel comfortable with you and your crew. Everyone was always polite and respectful with my entire family. Whether if was you throwing a ball around with my son, or one of the painters giving my dogs a hug and the end of the day, I knew I had made the correct decision to hire College Works Painting.

Best of luck in your college career !!
