To Whom It May Concern:

David Taylor working with College Works, recently completed the job of painting the exterior of my home. I am a very satisfied customer, and can attest that David did a very good job at my home.

David is very professional in every respect, as well as a hard worker, diligent, reliable, and enthusiastic. I was able to rely on him to see that the job was done completely, correctly and on time. He also made sure that everything was clean before leaving.

My home is beautiful, and I can recommend David to anyone who needs painting. Further, David has the character and ethic to do well in whatever profession he follows in the future.
