

College Works Painting Reference Letter  
Amy and Dave Blair

I just wanted to take a moment and tell you happy Dave and I are with the job your team did painting the exterior of our home. Your team was friendly and professional at all times and left the job site clean and tidy everyday when their work was done.

Boris Fowler  
College Works Painting

Dear Boris,

I just wanted to take a moment and tell you how happy Dave and I are with the job your team did painting the exterior of our home. Your team was friendly and professional at all times and left the job site clean and tidy everyday when their work was done. We have had several contractors work in our home over the past few years and I can truly say that our experience with you and your team was the most satisfying. All our expectations were met.

Thanks again,

Amy and Dave Blair
