I just want to thank you for a great paint job on my home. All the fellows put a lot of effort into the work and everything turned out well.

Dear Brian:

I just want to thank you for a great paint job on my home. All the fellows put a lot of effort into the work and everything turned out well.

When I called Collage Works Painting back in March you responded with a call back the same day and came over to give me an estimate that following Saturday. Spending adequate time explain everything that was to be done.

Again, thanks for a great job and I wish all the guys and yourself the best of luck in the future.

Sincerely,

William A. Richmond
