

College Works Painting Reference Letter  
Edward and Gloria Pollack

We recently had our house painted by College Works Painting. The paint crew, led by Kyle Green, did a very thorough job. I was particularly impressed by the careful and detailed prep work done by Charles Talley and David Ball.

May 30. 2009

We recently had our house painted by College Works Painting. The paint crew, led by Kyle Green, did a very thorough job. I was particularly impressed by the careful and detailed prep work done by Charles Talley and David Ball. They took no shortcuts and did an excellent job masking, scraping (particularly the windows) and preparing the house. They protected our bushes and, in particular, my wife's Koi pond throughout the process.

Kyle had frequent contact with me before, during and after the painting. They are very critical of their own work and readily redo areas that don't meet their standards.

They worked together effectively and efficiently. I would not hesitate to hire them to paint my house again.

Sincerely,

Edward and Gloria Pollack
