Re: College Works Painting

To Whom it May Concern,

We had College Works paint the caves on our house. They did a great job.

Boris stayed in touch with us from the first estimate through the completion of the job. He let us know that was next and when it would happen, we were always kept informed. Everything went as scheduled and the work was completed on time in a couple of days. The two painters were very polite and spoke to us about any issues that arose regarding the job.

They cleaned up each evening and at the end of the job. There was no mess and no problem with their materials and equipment being in the way. There was no inconvenience to us.

We recommend College Works.
