Robin Miller and her crew painted part of our house which had blistered, or been covered with graffiti. My wife and I are happy with the work, especially the time they use in preparing the surfaces to be painted.

Regarding house painting:

Robin Miller and her crew painted part of our house which had blistered, or been covered with graffiti. My wife and I are happy with the work, especially the time they use in preparing the surfaces to be painted.

Maintaining our house is an on-going process. Robin and her crew did work that would have taken us much longer as we could only approach it on week-ends or holidays.

Sincerely,

Tom Mitchell
