Dear Mr. McMurray,

The purpose of this letter is to express my high regard for the quality of the work done as regards to my residence at 8253 Bermuda Beach Drive, Las Vegas, NV.

The key to my total satisfaction is the professional introduction of your company's services and follow-through leading to high quality of work by the crew. Mr. Ransom Beza provided the planning, supervision and quality control on a personal Basis. He was easy to communicate with and had good relations with the crew encouraging their best efforts.

The price was fair and my wife is pleased. I commend your company and its on-site representative, Mr. Beza.

Best Regards,  
John R. Thomson
