

College Works Painting Reference Letter  
Linda Parker  
4613 Snapdragon Way  
San Luis Obispo, CA 93401

Ryan roach was part of the College Works Painting team who painted our house earlier this month. I would like to take this opportunity to endorse their good work to potential clients.

To Whom It May Concern,

Ryan roach was part of the College Works Painting team who painted our house earlier this month. I would like to take this opportunity to endorse their good work to potential clients.

This young team of painter, under the direction Sean Nachtigall, district manager for College Works Painting, was at all times professional, conscientious and courteous. From color selection, attention to detail in their prep work, to final touches and follow up, the team managed each step to ensure satisfaction. Not only are we please, but our neighbors are as well. They have complimented the paint job and the consciousness of the painters towards our neighbors.

I would encourage you to give the team your consideration and would like to offer you the opportunity to drive by our home to see the quality of their work. Please also feel free to contact us by phone.

All the best,

Linda Parker
