RE: College Works Painting
To Whom It May Concern:

It is with pleasure that I write this letter of recommendation regarding my experience with College Works Painting.

Working with local manager Robert Perez, I contracted with College Works to paint the exterior of my 80 year old Cape Cod style home. This house offered some additional challenges due to its shingle siding and high peak gable ends and chimneys, yet I was pleased with the price quoted for the work.

When it was time for the project to begin, the crew that was hired and managed by Robert arrives on time, went right to work, and proved to be hard working and committed to doing a good job throughout the project.

Multiple job-walks with either Robert or the lead painter were conducted on a regular basis, and each and every concern I raised was handled in a friendly and cooperative manner. I was impressed by the working relationship between Robert and his crew. The final product appears to be a very good and attractive paint job on a challenging old house.

I appreciate the efforts and attitude Robert Perez, and expect that his experience in the College Works Painting program will prove to be valuable as he continues with his Business education.

Sincerely,

Jeffrey Sears
