Your crew, directed by Andrew Mayer, just finished staining my home and deck. They maintained a very neat and clean worksite, and were great kids in general.

Dear College Works Painting,

Your crew, directed by Andrew Mayer, just finished staining my home and deck. They maintained a very neat and clean worksite, and were great kids in general. This crew took pains to mask my windows and the brick ledges, and subsequently, there are no paint drops on my windows or brick. I am completely satisfied and would recommend this crew to anyone.

Sincerely,

Natalie Halsey
