Dear College Works,

This letter is in reference to Ryan Gattoni and his paint work on our house in San Diego (Tierrasanta), California.

Ryan is professional and did a good job giving us information on the painting process, from the prep work to the final coat of paint. He gave us a very reasonable price for our trim and our patio cover, with a choice of color. Mr. Gattoni kept in touch with us from the time of our written estimate/contract until the crew actually arrived on our door step, which was a few months. He communicated via phone and in person.

The paint job was completed quickly and efficiently by Ryan and his crew. Ryan put in many extra and late hours to complete the job to our liking. Our two story house looks lovely as well as our patio cover. This was a difficult house to paint and Ryan Gattoni persevered to finish the work to our satisfaction!

Thank you for a job well done,

Deborah and Kent Smith
