Mr. Jeff Sangillo, with College Works Painting, has just complete painting the interior and exterior of the vestibule of my home. I found Mr. Sangillo a pleasure to deal with.

To Whom It May Concern:

Mr. Jeff Sangillo, with College Works Painting, has just complete painting the interior and exterior of the vestibule of my home. I found Mr. Sangillo a pleasure to deal with. When he came to price the job, he was able to answer all of my questions, and the price was quite reasonable. As the agreed upon time frame approached, he followed up with a confirmation call and showed up for the job at the date and time promised The person who assisted him in completing our job was very polite and hardworking, and the painting was done in a prompt and efficient manner. Final payment was not requested until he had me look over the job carefully and I stated that things were completed to my satisfaction.

Sincerely,

Randy Shay
