Just wanted to let you know that your company College Works has just completed a job at my home painting garages – front door – trim large Pillars etc. Jason **Mrigory** was the operator and was very professional covering all details before the job was started and explained everything to us letting us know all of our options. Baldimar was the painter and did a very nice job. He took his time and made sure everything looked just right always on time and worked very hard. I would definitely hire these gentlemen again.
