I am writing to you today
to tell you about my experience
with the working crew of your
company in at Collins.

Dear College Works,

I am writing to you today
to tell you about my experience
with the working crew of your
company in at Collins.

I mainly want to give praise
to your employee, Craig Boose,
Even though a few things went
Wrong with our paint job (not
his fault) he was there for us
trying his best to make things
right I felt him to be very
honest and trustworthy and that
was the reason we hired him
to do the work on our house.
All three young men were
extremely nice guys, I
might add and they
all worked very hard
to get the job done.
Please let them know
how much my husband and I
did appreciate the work
they had done for us.

Sincerely
