Re: College Works--Exterior House Painting

Dear Andy:

Linda and I want to thank you for the outstanding job you and your assistants provided us in painting our house. Your work met every expectation, and was equivalent or better than would be expected from commercial sources.

We are particularly appreciative for the timeliness and thoroughness of the job, the handiwork on the trim and special painting needs, and the overall appearance. Your daily cleanup, and then the finished product left nothing undone and required no additional steps on our part.

Please feel free to use this letter as an endorsement and as a reference. We would not hesitate to call upon you again when needed.

Sincerely,

Charles R. Dannison
