To whom it may concern:

We wish to acknowledge the superior service we received from Angela Buckner and her paint crew, who painted the exterior of our house and stained our deck this summer.

Right from the beginning, Angela walked us through the entire process. She also kept us apprised of any changes to schedule and answered all of our questions. The weather this spring and early summer was very difficult here in Michigan, but Angela let us know of all schedule changes due to the weather. And when the weather finally broke, she kept to the revised schedule. Never once did we need to call to find out when they would be at our home. Angela was oh top of it! She was always very professional and courteous.

Angela and her crew did an outstanding job on our house, and cleaned up the work area every, night. They were very careful to make sure that the job was done right, always paying attention to even the smallest of details. It was clear that they knew what they were doing.

Sincerely,

John and Shelley Irwin
