My wife and I gladly write this letter to recommend Nathan Schultz and it is a hearty recommendation.

To Whom It May Concern:

My wife and I gladly write this letter to recommend Nathan Schultz and it is a hearty recommendation.

We are accustomed to the solicitations from young people at our door offering various products and services. Often we sign on more out of interest in supporting their growth and development than because of the need. With Nathan however, we could tell within a few minutes we genuinely wanted him to do two painting projects that we were preparing to bid out. He was earnest and presented himself in a remarkably professional manner for someone his age. He was well versed not only in his company's services but in addressing our particular needs. He quickly sized up the problems we were having keeping paint on our porch and back door and confidently suggested what seemed like sound remedies. He was clear and thorough in laying out the different elements of the job...time, materials and cost and suggested a date.

After the work was complete Nathan returned to check its quality and our satisfaction. there was a minor details that needed attention and Nathan didn't hesitate to return the next day to handle the job himself.

In estimate, execution and follow-up we are fully satisfied in our experience with Nathan Shultz and through him, with College Works Painting. We would not hesitate to recommend him and the company to our closest friends and hope to find cause to do so. We believe the maturity and professional attentiveness to detail displayed by Nathan will serve him well in all departments of his life.

Sincerely,

Bill and Elizabeth Moller
