University City, MO

I would like to thank Collegeworks, and Daniel Shaffer for doing the painting and prepping, that I really dislike. The team prepped and painted our trim and door, and did a good job.

I would like to thank Collegeworks, and Daniel Shaffer for doing the painting and prepping, that I really dislike. The team prepped and painted our trim and door, and did a good job.

I like the idea of putting college students to work on summer break and feel that this is a good program for them.

Thank you for your time and paint.
