

College Works Painting Reference Letter  
Adam Brown  
91 Harbor Street  
Branford, Ct.

Our residence was recently painted by College Works. Christine Croll was the representative that we dealt with during this process. She was extremely professional and honest.

06/10/04

To whom it may concern

Our residence was recently painted by College Works. Christine Croll was the representative that we dealt with during this process. She was extremely professional and honest. Christine made it very easy to speak to her about any concerns, or questions that came up during the week they were painting our home. Her employees were very polite and seemed to care about the job they were doing. They were very safe and made sure that all their tools were picked up and away from our children during the course of the day. I'm sure that anyone hiring their company in the future will be as happy as we are. I highly recommend Christine Croll as well as her employees, Eric Marcus, Matt Laudano and James Albis.
