College Works has just completed a job for me, and I can recommend them highly. The young men who did the preparation and painting of portions of the outside of my house at the above address were courteous, hard-working and efficient, and I am very pleased with their work.

The young men who did the preparation and painting of portions of the outside of my house at the above address were courteous, hard-working and efficient, and I am very pleased with their work. I have told Tom Vaselli, their supervisor, that I plan to hire them again in the spring to do more painting for me.

Cordially,

Mrs. Patricia B. Potter
