To Whom It May Concern:

It is my pleasure to be able to write this letter of recommendation for College. Works Painting.

We had not planned to have our deck stained and railings painted this year, but when our neighbors were having an estimate to paint their house, we asked the estimator to stop by and look at ours. Shannon McMaster was very gracious, and though she had another appointment to handle first, she did stop back that afternoon and estimate our project. We received our written estimate and placed our order that afternoon. Shannon kept us informed on when to expect our work to be started, and once begun, was there each evening to be sure the work was satisfactory. Since my husband and I both work, Shannon even stopped back on Sunday afternoon for the final inspection and our payment check.

The actual painting and staining was completed by Kurt and Brian. Both were meticulous in their work and completely trustworthy. They definitely put in some long hours to complete our project between the typical Michigan summer rainstorms. And each evening during the project, the work area was clean as was the corner of our garage where their supplies were stored. During our brief interaction each evening, they were pleasant and easy to talk with.

I would definitely use College Works Painting again, and would highly recommend them to anyone else.

Best Regards,

Susan F. Sweerin
