The work was done in august,  
2010. We ask them to provide top  
quality paint which they did.  
The workers arrived promptly at  
the specified time and worked  
consistently. They were polite,  
and helpful in moving objects  
out of their way. On completion  
of the original work contracted,  
it looked so nice that we added  
on more painting.
