Letter of recommendation:

I was pleased with the overall job that the "College Works"  
Crew did in painting my house this summer.

Marten, the original contact person and foreman was  
pleasant and easy to work with. I am not a fan of salesmen who  
make you feel pressured to sign. During his sales presentation  
he answered all my question and presented his binder  
professionally. I had a certain window of time available for them  
to paint and marten worked with me to insure that it was done  
on time and was !

The painters, Jake and Taylor were polite and pleasant to  
work with. I check on my workmen frequently and they did not  
seem to mind. I'm a perfectionist and when I asked them to do  
some touch up work it was done quickly and without hesitation.
