

College Works Painting Reference Letter  
Patricia and John M.Wathen III

We'd like to thank College Works Painting for doing a great job on our house. From the first time we met Zack until the completion of the job, we felt he was direct and strived to gain our complete satisfaction.

June 25, 2004

We'd like to thank College Works Painting for doing a great job on our house. From the first time we met Zack until the completion of the job, we felt he was direct and strived to gain our complete satisfaction. It is refreshing to see such ambition as Zack has. He kept us apprised of the plans, including any changes, and always listened to what we had to say. As a College Works Painting manager, he's been an impressive businessman. Our painters, Ryan and Russ were courteous, conscientious and obviously took pride in their work. They safely and efficiently finished our house (including power washing our picnic table), and cleaned up each night. Overall, College Works Painting exceeded our expectations and we are thoroughly pleased with the look of our house. This has been a positive experience and we were glad we gave Zack and College Works Painting this opportunity and would recommend them to other home owners.

Sincerely,

Patricia and John M.Wathen III
