To whom it may concern,

We recently had our house painted by College Works representative Samantha D'Amore and her team. It came out great! The house looks like it get new shingles. They worked quickly, carefully and neatly. The work area was kept clean and concentrated to small area in the backyard, they cleaned up at the end of the day and only left the tools and supplies that were necessary for the next day work. Samantha even trimmed a good deal of some over-grown shrubbery on the sound of the house.

Sincerely,

Vladimir Berns
