We are writing to you to express our complete satisfaction in our dealings with your college intern, Adam Shea. Although we did not elect to select your company to complete the painting of our home, our decision was by no means based upon a reflection of Adam.

To Whom It May Concern:

We are writing to you to express our complete satisfaction in our dealings with your college intern, Adam Shea. Although we did not elect to select your company to complete the painting of our home, our decision was by no means based upon a reflection of Adam.

Adam Shea is a completely professional, outgoing dedicated, and unwavering young man. He is a pleasure to deal with and is well informed about the profession of bidding a job in which he has little background experience. Adam really took sufficient time to speak with us and explain important informative details.

Prior to coming out to bid the job on our home, Adam was very proficient in making his reminder calls and was very thorough on the phone with specifics in relation to the times, dates, and information to be discussed. Even after our decision to turn down the bid with college Works, Adam did not show signs of being dejected and continued to try and work with us during follow-up conversations, as well sending a very kind thank you note. The manner in which Adam handled his follow-ups did not at all exceed that in which we felt annoyed or bothered.

We feel that you made a very wise decision hiring Adam Shea as an intern for your company and expect that he will be very successful with your company as well as in his future academic and professional future.

Best regards,
