College Painting Works,

I am pleased to report that a paint job has been completed on my home in very good time and I commend the fine job that was done.

Ryan Bettilyon was the representative that handled my painting job. He was very polite and considerate of my needs. It was done in a very timely matter. The painters, also, were good workers and I am pleased with the job they did. I would diffidently recommend them.

Sincerely,

Kathy Vail
