Janet and I appreciate you meeting the start and completion dates as agreed to when we signed the contract to paint all exterior wood on our Salt Lake home.

Mr. Trent Sheffield  
College Works Painting

Dear Trent,

Janet and I appreciate you meeting the start and completion dates as agreed to when we signed the contract to paint all exterior wood on our Salt Lake home.

Alan and Jeff were always on time, very polite, professional and did an outstanding job. It was refreshing to see two young men work hard and have pride in their workmanship. Unfortunately, many of today's young people do the bare minimum and don't take pride in their work.

Hopefully, Duration Paint is as good as you feel it is and we won't have to have College Works Painting back for another five years.

Thanks for all your efforts,

Frederick P. Geysler, Jr.
