Dear College Works,

Your company has just finished painting my house in Poway CA. I am so pleased with the job you did.

The first day Marisa, my coordinator, helped me choose the color by painting several color swatches on the wall of my house, both in the shade and in the sun. By the next day,

I had chosen the perfect color. Then, she thoroughly washed my house after which her crew repainted and detailed it. At this point, the house looks transformed.

Thank you college Works, for a great job. I would recommend your service very highly to anyone who needs to paint the exterior of his or her house.

Sincerely,

Vickie Hoey
