

Letter of Recommendation for Chaz Bauer and College Works Painting

In July 2008, I required painting to the exterior of my house. I went about the normal process of calling painters to discuss the overall project, the cost and time frame. Out of everyone I talked with, Chaz and his team had the best combination of professionalism, knowledge, price and timeframe.

The job could not have gone better. They started on Monday night and had completed a very professional job by Wednesday evening. This included the painting and clean-up of all materials. It was also nice to see that Chaz spend time each night walking me through what had been accomplished and to see if I had any questions.

I would highly recommend Chaz and his team for any painting work you would need done.

Sincerely,

Jarrett Paynter
