To Whom It May Concern:

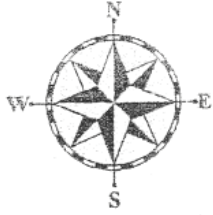

I recently heard about College Works Painting through a friend who knew I was considering having my house painted. I contacted the company and was pleased to get an appointment right away for an estimate. I was quite impressed with the presentation made to me. I met with two young gentlemen who were very thorough in explaining their company to me as well as all that would be included with the job. I received a favorable estimate, elected to go with College Works, and I am very glad that I did.

The workers arrived on their scheduled start date and consistently thereafter. They have all been very professional and courteous. I was consulted every step of the way and informed of their daily progress. Clean up was done on a daily basis. They did a quality job completed it in a timely fashion with only minimal disruption to my daily living.

In conclusion, I am very pleased with the end result and would highly recommend College Works to anyone considering having their home painted. As a matter of fact, I have already recommended them to some of my friends and colleagues.

Sincerely,

Frederick K. Toy, MD
