Abingdon, MD 21009

I would like to comment Laura Anthony and her crew for the excellent work they did on our house. They power washed the house and deck, stained the deck, painted the garage doors and trim, the front porch, and front door.

To whom it may concern:

I would like to comment Laura Anthony and her crew for the excellent work they did on our house. They power washed the house and deck, stained the deck, painted the garage doors and trim, the front porch, and front door. They completed the job in two days and were very conscientious about the entire project. Laura was very accommodating when I became concerned about the garage door color not being what I had anticipated. I ultimately decided the color was satisfactory, and now am very pleased with it. I am happy to recommend Laura and the College Works Painting services.

Sincerely,

Linda M. Engwall
