I would like you to know how very impressed I was with the work that was done at my home in Draper on 7/25 & 7/26/2011.

To Whom It May Concern,

I would like you to know how very impressed I was with the work that was done at my home in Draper on 7/25 & 7/26/2011.

Jonathan Jensen and his crew provided a professional stain job on my home, and the whole project was managed in a professional manner, as well. Jonathan spent a significant time answering each and every question I had. He put together a well, organized plan and executed it to perfection. His crew was very meticulous in making sure that the "prep work" on my home was done properly to ensure that the stain coverage stayed in the proper areas-this was a major concern of mine. The work the crew did makes me want to use this team again. The biggest compliment I can give this team is what my wife stated the evening after they finished the job- "well the house sure looks great, and it is a zillion Percent better than if YOU would have tackled the job".

Thanks again to Jonathan and his crew.

Sincerely,

Jerry Bartos
