

College Works Painting Reference Letter
Dane Dearmore

This letter serve as a recommendation for the College Works Painting program and their student participants. I am very pleased with the final outcome of the painting of my home.

May 13, 2005

This letter serve as a recommendation for the College Works Painting program and their student participants. I am very pleased with the final outcome of the painting of my home.

The work was preformed in a timely manner and as originally agreed upon. All repairs, surface preparations and attention to small details has made the difference in the quality of the end product.

I found the project supervisor, Andy Lincowski, to be very accommodating and easy to work with. He kept in touch, even during his final examinations, to ensure the project was progressing.

My experience has been positive and I will recommend College Works to my family and friends.
