Subject: Letter of Reference

I would like to commend the manager and crew that completed the painting on my residence of 1 Weston Drive in Poquoson, Virginia.

The manager, Joey Kovak, was nothing but professional from initial discussion to the completion of the job. His ability to problem solve, when obstacles presented themselves, was commendable. Our house has very high peaks and areas that are extremely difficult to reach, yet he and his outstanding crew, overcame this problem and completed the job in an exemplary manner.

His crew, Daniel Morgan (Crew Chief) and Dave Marconi were professional and courteous at all times. They were hard working and extremely meticulous. They completed the task in a timely manner despite some weather concerns.

Sincerely,

Penelope A. Burns
