

College Works Painting Reference Letter  
Paula Imus  
Annapolis, MD

I would like to recommend Tim Fukushima. I have known him for several years and contacted him last year about re-sealing my back deck. He did all I asked in a timely manner. The deck looks great! I was excited to learn he is now with College Works because I had planned to have my front porch and trim scrapped and re-painted this summer.

To Whom It May Concern.

I would like to recommend Tim Fukushima. I have known him for several years and contacted him last year about re-sealing my back deck. He did all I asked in a timely manner. The deck looks great! I was excited to learn he is now with College Works because I had planned to have my front porch and trim scrapped and re-painted this summer. He gave me a more than fair estimate and explained all about the College Works program. I proceeded to book in with Tim for the summer. Tim kept in touch with me and gave me updates on my approximate start date. So when Tim contacted me and told me when he was coming out I was fully prepared. The job was then completed in the time that was allotted with all the necessary prep work completed. but best of all, the finished product looks wonderful. Tim and the painters were very respectful and I enjoyed their work very much. I would definitely use college works again and will recommend it to anyone who is looking for a quality paint job from quality people.

Sincerely,

Paula Imus
