To Whom It May Concern:

We would highly recommend College Work Painters, especially Long Thai and his team. Not only did they do an exceptional job on painting our house but they were very fast and tidy. At the end of each day everything was picked up and put away. When the job was finished you couldn't even tell that they had been there painting. I know are house caused a few challenges because of all the landscaping but they did a really good job protecting the plants.

We were very impressed with Long's professionalism from first contact until the finished product. He made sure that we were pleased with the work every step of the way. If we had any concerns, he addressed them right away.

It was a pleasure to work with Long and his team.

Sincerely,

*David & Carol Hebert*
