

College Works Painting Reference Letter
R.C. Batker
1620 W. 55th St
Western Springs, IL

To whom this may concern. The three college students that came to paint our house were very young, but they did exceptional work, They power wash, stripped and scraped the old paint and primered where there was bare wood.

June 18, 2007

Letter of recommendation

To whom this may concern. The three college students that came to paint our house were very young, but they did exceptional work, They power wash, stripped and scraped the old paint and primered where there was bare wood. They spray top coated the house with a color of my choice with professional results. The house looks outstanding and is beyond my standards. We would recommend The College Painters to anyone. They are great and do an awesome job!

Sincerely.
