We had the trim and doors of our house painted by CollegeWorks painting in June 2004. Kristyn Lum was in charge of the job. Kristyn and her painters, Lauren Pasch and Michael Popper, were very reliable; they came the days they said they would and were always here on time ready to start working.

June 21, 2004

To whom it may concern:

We had the trim and doors of our house painted by CollegeWorks painting in June 2004. Kristyn Lum was in charge of the job. Kristyn and her painters, Lauren Pasch and Michael Popper, were very reliable; they came the days they said they would and were always here on time ready to start working. Everyone worked very hard; they came and got their work done without wasting time

There were a few changes we wanted done and some cleanup issues to be resolved. Kristyn dealt with our comments professionally and completed everything we asked her to do, including coming on a Sunday morning.

Our house looks much better now!! A job well done and well managed.
