Dear future customers of College Works Painting,

I am 100% satisfied with the paint job to the exterior of our home. We were very pleased with our paint crew of James Boyle and Chris Pincince who were headed up by Sean Brooks. The transformation of our home has been amazing. We have received many compliments from our neighbors.

We were happy with the process from beginning to end. Once the job was started they stayed on it until we were completely satisfied. The crew was on time, very professional and polite. They left the area clean every night. Their hard work exceeded our expectations and I would confidently recommend them to family or friends.
