Recently we had our home painted by College Works. The foreman of the crew, Matt Arrigo, was very professional, thorough and one who looked into every detail to make the painting of our home just what we wanted. The crew was very courteous and very attentive to detail.

To whom it may concern,

Recently we had our home painted by College Works. The foreman of the crew, Matt Arrigo, was very professional, thorough and one who looked into every detail to make the painting of our home just what we wanted. The crew was very courteous and very attentive to detail. The team painted our home in the allotted time and cleaned up the property each night after painting. We were thinking of having our home painted at a later time but Matt arrived at the right time. We are very happy with the work that they did and how our home looks now. I was impressed by the detail that Matt took in his painting of on home. The walk through each night of the job site gave us a chance to check on the progress of the work and to point out anything that we needed redone.

These things were very minor and were fixed in a very short period of time. We highly recommend College Works for your home painting needs. It is refreshing to see young people who take such pride in their workmanship. We would definitely hire you again. Please use us as a reference in the future if you need to.

Sincerely
