

College Works Painting Reference Letter

College Works Painting has done some painting on my house this past week and I am very satisfied with the results. One painter in particular did an outstanding job. "Held Carpenter" was a consistent hard worker and very neat. He had to scrape, sand and paint all the caves (large overhang) around this large house & think that was a difficult and tedious job well done.

To Whom It May Concern:

The independent branch operator, Henry Siemons, did a great job of estimating how much paint was needed and overseeing the groups. He is also a good worker and neat painter. He showed up presently each morning and also made sure everything was cleaned up at the end of the day.

I will recommend College Works Painting to anyone interested in having their house painted.

Sincerely,

College Works Painting has done some painting on my house this past week and I am very satisfied with the results. One painter in particular did an outstanding job. "Stell Carpenter" was a consistent hard worker and very neat. He had to scrape, sand and paint all the eaves (large overhangs) around this large house. I think that was a difficult and tedious job well done.

The independent branch operator, Henry Siemons, did a great job of estimating how much paint was needed, and overseeing the groups. He is also a good worker and neat painter. He showed up promptly each morning and also made sure everything was cleaned up at the end of the day.
