To Whom It May Concern:

I whole-heartily recommend College Works Painting, based on the external painting work completed this week.

The team was professional and fully explained the nature of the job and provided cost estimates for each aspect of the work. I am very satisfied with the caliber of the group, the final outcome and commitment to the original cost estimate. In fact, it exceeded my expectations in terms of quality performance.

While my home posed certain challenges to doing the job, the group performed very well and left a clean workplace upon completion. Appointment were scheduled at my convenience and, while I was home through most of the job, the team was quiet, efficient and did not disturb me.

I am very satisfied and would recommend the work to any of my neighbors.

Sincerely,

Joseph R. O' Keefe
